From Publishers Weekly

Popescu relates the bizarre adventures of his friend, the photographer Loren McIntyre, whose encounters with an elusive South American Indian tribe makes for an extraordinary, gripping tale. Photos.

Copyright 1992 Reed Business Information, Inc.

From Library Journal

Popescu has transcribed three years of interviews with National Geographic photographer and writer Loren McIntyre, creating a compelling narrative which chronicles McIntyre's experiences with the Mayoruna Indians and his quest for the source of the Amazon River. The first sections recount McIntyre's immersion among the Mayoruna tribe over a two-month period. Vivid description and the seamless flow between McIntyre's personal notes and the author's narration are particularly effective. McIntyre's interest in locating the Amazon's source conveniently coincides with the Mayoruna Indians' search to find their own roots, which increases the significance of his quest. Unfortunately, the account of his discovery lacks the momentum of the earlier sections. Previewed in Prepub Alert, LJ 5/1/91-- Elizabeth DeMarco, Ononda ga Cty. P.L., N.Y.

From Kirkus Reviews

The strange and wonderful tale of National Geographic photographer Loren McIntyre's mystical journal from the depths of the Amazon basin to the river's ultimate source in the Andes, solemnly related by Popescu (The Last Wave; In Hot Blood, 1988 paperback.) With 40 years of Amazon exploration under his belt, as well as subsidiary careers in the US Navy and as a documentary filmmaker, McIntyre jumped at the chance to experience and photograph a "first contact" with an elusive Mayoruna tribe rumored to exist on the shores of the Rio Javari, an Amazon tributary. Airdropped onto the river's shore, McIntyre easily joined up with the seminomadic "cat people"--who tattooed their faces and stuck spines in their cheeks to resemble their claimed jaguar ancestors--but soon became hopelessly lost following their flight from an unseen enemy. Worried that his hired pilot would never find him, unable to speak the Indians' language, and suffering severe culture shock from jungle life, McIntyre nevertheless became fascinated by the Mayoruna headman, who seemed to communicate with the American through what McIntyre called "beaming"--or mental telepathy. McIntyre apparently received mental messages regarding the tribe's plan to escape modern encroachers by traveling "back to the beginning"--fasting, dancing, and ingesting natural hallucinogens to return to the safety of the beginning of time. After witnessing this ceremony, McIntyre returned to

civilization, but he would experience a psychic reunion with the tribe--and, perhaps, their ancient ancestors--two years later while combing the Andes for the true source of the Amazon. Three stories--McIntyre's contact with the Mayoruna, his discovery of the Amazon's source, and his own inner, spiritual exploration--make for an occasionally unwieldy bundle of a book, but Popescu's awe, combined with McIntyre's general stupefaction, makes for fascinating reading. A sort of Castaneda exercise in mystical and ecological inquiry, perfectly timed for the New Age. (Sixteen pages of color photographs--not seen.) -- Copyright ©1991, Kirkus Associates, LP. Amazon Beaming By Petru Popescu When composing can alter your life, when creating can enrich you by providing much money, why don't you try it? Are you still very baffled of where understanding? Do you still have no idea with what you are going to create? Now, you will need reading Amazon Beaming By Petru Popescu A great author is a great visitor simultaneously. You could define how you compose depending upon what publications to read. This Amazon Beaming By Petru Popescu can aid you to solve the problem. It can be one of the best resources to establish your composing ability.

Reading practice will certainly always lead people not to satisfied reading *Amazon Beaming By Petru Popescu*, a publication, 10 publication, hundreds books, as well as more. One that will certainly make them really feel pleased is finishing reviewing this book Amazon Beaming By Petru Popescu as well as getting the notification of guides, then finding the various other next publication to check out. It proceeds increasingly more. The moment to complete reviewing a book Amazon Beaming By Petru Popescu will certainly be always various depending on spar time to invest; one instance is this [Amazon Beaming By Petru Popescu](#)

Now, exactly how do you understand where to get this e-book Amazon Beaming By Petru Popescu Don't bother, now you may not go to guide store under the intense sunlight or evening to look the publication Amazon Beaming By Petru Popescu We here consistently aid you to find hundreds kinds of publication. Among them is this book qualified Amazon Beaming By Petru Popescu You might visit the link web page provided in this set and after that opt for downloading. It will certainly not take more times. Just link to your internet access and also you could access the publication Amazon Beaming By Petru Popescu online. Naturally, after downloading Amazon Beaming By Petru Popescu, you could not print it.

AMAZON BEAMING BY PETRU POPESCU PDF

THE ENCOUNTER tells the true story of National Geographic photographer Loren McIntyre who became lost in a remote area of Brazil in 1969, leading to a startling encounter that changed his life.

The Broadway stage adaptation of THE ENCOUNTER will run from September 20, 2016 through January 8, 2017 at The Golden Theatre: <http://theencounterbroadway.com/>

"A mindblower" - Deadline Hollywood; "Transfixing" - Time Out New York; "Haunting and enthralling"- The Wall Street Journal; "An astonishing work of theater" - The New York Times.

1969: Loren McIntyre makes contact with the elusive Mayoruna 'cat people' of the Amazon's Javari Valley. He follows them - into the wild depths of the rainforest. When he realizes he is lost, it is already too late.

Stranded and helpless, McIntyre must adjust to an alien way of life. Gradually, he finds his perception of the world beginning to change, and a strange relationship starts to develop with the Mayoruna chief - is McIntyre really able to communicate with the headman in a way that goes beyond words, beyond language? Petru Popescu's gripping account of McIntyre's adventures with the Mayoruna tribe, and his quest to find the source of the Amazon, is reissued here to coincide with Complicite's acclaimed new stage production inspired by McIntyre's incredible story.

A masterpiece of travel writing and ethnography.

By J. Spoler

This is one of those books you open with limited expectations, and finally close with a sense of exhaustion, wonder and profound respect.

Popescu deftly handles the netherworld between the civilized and the mystic. His hero Lauren McIntyre's encounters with the inexplicable, the deeply alien, and frankly dangerous shake you and leave you stunned and amazed. You'll end up thanking God for Cambio, his Virgil in this tour of a shadowy, troubling world. You'll curse McIntyre's occasional stupidity, you'll vicariously exercise your primal instincts as you plot stratagems for escape and survival. You'll wonder what it means to be human when everything that we depend on is brutally stripped away. And you will reel when you are confronted with the impossible that must be possible because it is actually happening. In short, Popescu plunges you into the most remote and terrifyingly foreign places, and asks, "How do explain this? How will you battle these alien perils and save your skin?"

The book is comprised of two separate, yet oddly connected adventures: McIntyre's capture by hostile Amazonian aborigines, and his later search for the most distant source of the Amazon river. In each case McIntyre deliberately ventures into the most hostile locales a man could hope to find, and willingly takes on the dangers he knows he will encounter. As a photographic journalist he tries to record pictures and experiences, hoping to take us to places we could never get to on our own. And as our proxy, he seems to feel an unbearable weight of duty to first discover, and then relate the truth he has prized out of these distant, unreachable worlds. He clearly demonstrates that miles on a map, and projected days of travel are utterly,

laughably meaningless on quests such as his. He treks not only through wilds that nature defiantly guards, he seems to travel back through time, to a moment very near the beginning of things. That Popescu has so movingly chronicled McIntyre's transit of terrain and soul is a significant literary accomplishment. That anyone could pick up this book and enter those worlds himself, is a palpable blessing.

This biography reads like an adventure

By George Suematsu

I don't read a lot, but this book is amazing. A biography that read like an adventure. McIntyre's contemplation over Mayoruna philosophy was eye opening. I'd like to read more about the tribe, and I'm sorry the book is over.

Wonderful!

By Leonna

A wonderful book! I wasn't sure to whom I loaned my last copy. But this was a really fair price and almost like new.
