ANGELS AND INSECTS BY A. S. BYATT PDF

In these breathtakingly accomplished novellas, A.S. Byatt explores the landscape of Victorian England, where science and spiritualism are both popular manias, and domestic decorum coexists with brutality and perversion. The shipwrecked naturalist who is the protagonist of *Morpho Eugenia* is rescued by a family whose clandestine passions come to seem as inscrutable as the behavior of insects. In *The Conjugal Angel*, a circle of fictional mediums finds itself haunted by the ghost of a very real historical personage. *Angels and Insects* offers further proof of Byatt's prodigious powers and magical sympathy for characters who might be our great-great-grandparents.

- Published on: 2016-03-08

Magnificent as Usual

By J. Blake

A.S. Byatt delivers again in this book, which contains two "novellas." One traces the history/love affairs of a Victorian era naturalist and the other is a stunning and moody story about a woman who believes she has lost her husband at sea. Truly wonderful to read.

0 of 0 people found the following review helpful.

Tight, disciplined--straining against the bounds

By John Spudich

A fine and well-elaborated allegory interweaving a suspenseful tale of love and secrets. Moments of passion strain the bounds of an otherwise tight and disciplined narrative.
