BMW '02 Restoration Guide

By A. D. Osbourne Jr.

Generally well-written and helpful. However, I found the chapter on body restoration to be somewhat lacking in illustrations/diagrams/photos. I'm an experienced welder/body repairman, but, have no BMW '02 experience. I had hoped to get a better idea of what I'd be getting into, time-wise, to help in planning a restoration. Having some illustrations/drawings/diagrams showing how the rusty panels came together, when new, would have been helpful.

BMW '02 Restoration Guide

By Robert Bluff

An excellent and detailed book that provides some very valuable insight into the BMW 2002 range. I'm a BMW 1600-2 owner and found the commentary of the book addressed all models in the range. Well worth the purchase for anyone who has just bought (or is just about to buy) an '02 model and needs some advice on how to keep it (or return it to) as new.
