Those publications naturally will amaze you as this *Bringing Heaven Down To Earth Book 1 By Tzvi Freeman, The Rebbe M.M. Schneerson* compilation.

Review

This book works. What the Rebbe taught us is now in very quotable English. In a moment, any person on the planet can make contact with the depths of the Rebbe's wisdom and apply it in daily life.

--Rabbi Mannis Friedman

Bringing Heaven Down to Earth is a masterpiece --the kind of book that lodges itself in your consciousness and keeps resonating. Freeman's brilliance lies in his making the Rebbe's words and thoughts accessible to a wide, wide audience without compromising on their essence and profundity. Readers won't be able to put it down, and when they do, they will have a radically altered view of Judaism, Torah, the Rebbe and most importantly, how it all relates to their life.

--Rivka Slonim, author of the best seller "Total Immersion: A Mikvah Anthology"

I loved the book. Its appeal is not only in the selections but especially in the brevity and simple style, making it accessible to everyone. Both my wife and I found it really inspiring.

--Rabbi J. Immanuel Shochet

My father is a writer, but I've never been so excited by a book about the Rebbe. Finally a book that preserves the soul of what the Rebbe said while speaking in common language. It's breathtaking.

--Rabbi Shimon Posner, CA

This is the most wonderful thing I've ever read on mystic Judaism. *Bringing...* is the only way to give this world true meaning and justify the gift of life we have all received. The Rebbe presents a wisdom and light which helps every reader, Jewish, Christian, Muslim, Buddhist or otherwise to open up to the Divine guiding force within each living being.

--Wulfing von Rohr, author of over 50 books on metaphysics in Germany

BRINGING HEAVEN DOWN TO EARTH BOOK 1 BY TZVI FREEMAN, THE REBBE M.M. SCHNEERSON PDF

Rebbe means teacher. Rabbi Menachem M. Schneerson is seventh in a prestigious line of chassidic rebbes. Even after his passing, he is known worldwide as simply "The Rebbe"- a Rebbe for any person in the world. This book offers every person a taste of the Rebbe's wisdom, condensed from over 50 years of letters, public talks, private conversations, and written works. Presented in an accessible format. "This is simple, direct writing that would touch anyone, Jewish or not." —Marc Ruby, Amazon top ten reviewer

Dancing With The Rebbe

By Marc Ruby™

I was an early casualty of the faith of my parents. Not particularly religious themselves, they left me with a sense of the form of our religion, but no picture whatever of it's content. This wasn't their fault, it was simply very much the way we were in the 50's and 60's. My own spiritual needs left unmet by my faith of origin, I drifted from the time I entered college, first as an atheist, and then as almost every kind of theist one can imagine.

Eventually I found a place that suits me spiritually, in which I can dwell and feel no need to convert the unfaithful. From within this place, I have rediscovered a desire to spend some time reaping the wisdom of the religion I always took for granted, the one I was born into. This is not necessarily a comfortable journey for me but one it has been time to make for a while.

One of the things I had never come to understand about Judaism until well into college was the tremendous mystical richness of Judaism. What makes this mysticism special is its refusal to abandon the world in which we make our way. From Jewish mystics and rebbes we expect practical advice as well as inspiration. Rebbe Menachem Schneerson was for many years the premier spokesman for the Lubavitcher tradition of mystical Judaism. A man who valued humility, wisdom, affection, humor and a deep abiding faith.

Tzvi Freeman has taken the time to compile the essence of Rebbe Schneerson's meditations and teachings. This is simple, direct writing that would touch anyone, Jewish or not. Short sections that can be read a paragraph at a time and meditated upon at will. We are invited to take our beliefs out of the ivory tower and apply them in the world. The first recommendation for the spiritual treatment of illness is 'find a good doctor and follow his instructions.' The fourth is 'Increase your study of the inner light of the Torah.'

This kind of wisdom is good for all to use. I would recommend "Bringing Heaven Down to Earth" not just to crabby old men such as I, but to anyone who finds themselves sometimes a seeker or wishes to understand more of the depths of Judaism.

Deserves more than 5 stars!

By A Customer

This Book is a Gem! Reading Bringing Heaven taps into those long lost depths of our soul that are just bursting to be free. This Book would be of interest and value to a reader regardless of religious affiliation or degree of belief. It appeals to people of all faiths. This is one of the best books on spirituality now being published.

Simple timeless wisdom for eternity

By Anyechka

This is one of the most special books in my collection because it was a present from Rabbi Chaim Adelman

of the Chabad House at UMass-Amherst in May of 2002. (In addition to being a great person and really funny, Rabbi Adelman was also quite possibly my favorite rabbi I've ever had.) There was a little party one night for those of us who were about to graduate, and towards the end he gave each of us this book (the commemorative edition that was printed that year in honor of what would have been the Rebbe's 100th birthday) and wrote lovely personalised inscriptions in them for us. This is the type of present that can last a lifetime instead of only being read once and then put aside, or maybe reread once in awhile. It's a book like the Tao Te Ching; it can be read and reread over and over again and always give the reader new profound insights. This simple timeless wisdom doesn't even have to be read from cover to cover; one can just go through it day by day, or whenever one wants to, and digest these meditations, sayings, quotes, and stories slowly, or as one needs to. It's divided into categories such as "Children," "All the World Is My Teacher," "Science and Technology," "The Blueprint of Creation," "Days Are Coming," "Making a Living," and "From Despair to Joy." Whatever one's problem, question, issue, or concern, advice or an answer is bound to be found here. Many of these tidbits of wisdom might also pleasantly surprise those who have a view of Hassidim as having a very pre-modern view of the world or of being dour, joyless, and very authoritarian and triumphalist. One doesn't even need to be Jewish to enjoy and benefit from this wonderful book.
