A Highly Sought After Collectible

By carl womack

The Brooke Book is one of the most popular Brooke Shields memorabilia items. I own one myself. But mine is the (I suppose you could call it the "revised" edition) second edition book. On my edition there is a headshot photo of brooke from around the early 1980's. The 1978 Edition shows her sitting on a floor. The book covers Brooke's home and professional life, from her birth to around 1978. You might think the price is too high for this book, but I have seen them sell for much higher on auction, and I've seen most bookstores sell them for a flat \$500.00
