## **About the Author**

Raymond Corsini's training was diverse. He received a BA and MA at the City College of New York, then did his doctoral training at Syracuse University, Cornell University, University of California, University of Wisconsin (all during the time of his work as a prison psychologist), and finally obtained a Ph.D. at age 41 from the University of Chicago under Carl Rogers. He met and interacted with J.L. Moreno, Fritz Perls, Victor Frankl, and Albert Ellis, among others, but his main teacher was Rudolf Dreikurs, an Adlerian. He had three separate careers: as a prison psychologist for 15 years, then an industrial psychologist for ten years, and finally in private practice of psychotherapy and counseling for 30 years. He taught courses at over a dozen universities and full time at the University of Chicago, Illinois Institute of Technology, and the University of California at Berkeley. He has published over 60 books under 43 titles, including four encyclopedias and the most complete dictionary of psychology, and has written or edited 18 books in counseling or psychotherapy.

Danny Wedding was trained as a clinical psychologist at the University of Hawaii and the University of Mississippi Medical Center. He later worked for two years for the U.S. Congress, first in the Senate and later in the House of Representatives. Danny directed the Missouri Institute of Mental Health (MIMH), a University of Missouri university research and policy center, for 19 years. This time included Fulbright sabbaticals in Thailand and South Korea. Since 2010 Danny has served as Associate Dean for Management and International Programs for the California School of Professional Psychology at Alliant International University, where he is directly responsible for the CSPP programs in Tokyo, Hong Kong, and Mexico City as well as for the development of new international initiatives. With the assistance of colleagues, Danny has written or edited thirteen books, including **CURRENT PSYCHOTHERAPIES, CASE STUDIES IN PSYCHOTHERAPY, BEHAVIOR AND MEDICINE, THE NEUROPSYCHOLOGY HANDBOOK, SCREENING FOR BRAIN IMPAIRMENT, MOVIES AND MENTAL ILLNESS, and POSITIVE PSYCHOLOGY AT THE MOVIES**. Danny is also the Editor for **PsycCRITIQUES: Contemporary Psychology--APA Review of Books**.

This book is perfect! I enjoyed using it for my graduate course personality theories and a counseling. This book has numerous case studies and understandable fact about the pioneers for each method and it help students greatly but helping us gain insight on how therapist from different methods apply those methods. I may one day buy this book honestly :]

Very informative

By Brandon

This book gives brief but thorough explanations of the various theories used in clinical practice. This book is dull, at times, but highly useful. A great addition to any knowledge base.

The psychotherapy book

By Katherine

I used this book as a student in my psychotherapy course. I never knew there were so many psychotherapeutic approaches. I was amazed. I enjoyed exploring all these schools analyzed so beautifully in this book. I finally got the chance to see what school of psychotherapy was closer to my needs. I recommend it to all those who have a blurry idea of psychotherapy, like I did.
