Setting: Holy Oaks, Iowa, present day

Sensuality rating: 4

New York Times bestselling author Julie Garwood breaks new ground in her first contemporary suspense novel. Long-time fans of Garwood will be amazed at the way the queen of historical romance weaves this tale of love as it blossoms in the face of extreme danger. FBI agent Nick Buchanan is about to take his first vacation in three years when he receives a phone call from his best friend and former college roommate, Father Tom Madden. Tom relates the horrifying tale of a confession that he heard from a killer seeking absolution for a gruesome crime he has yet to commit. Worse yet, the madman, who calls himself the Heartbreaker, confesses that his intended victim is Laurant Madden, Tom's gorgeous younger sister. The Heartbreaker is crazy about Laurant--really, really crazy.

When Tom and Nick break the news to Laurant, she is furious at the disruption the psycho is causing in her very busy life. With her best friend's wedding rapidly approaching and Laurant's own business set to open in two weeks, there couldn't be a worse time to be stalked. But when she learns that the Heartbreaker has already broken into her home and watched her sleep, she reluctantly agrees to Nick's protection, even if it means that she's thrown together with her brother's all-too-sexy friend all day--and all night. Nick, posing as Laurant's fiancé, heads back with her to Holy Oaks. There he encounters a strange cast of characters, the likes of which are grown only in small towns where everybody knows everybody's business--except whether one of them might be a serial killer. Along the way, Nick and Laurant also discover their own hunger for each other. Readers will love the change of pace for perennial favorite Garwood. She creates a sensational story with a truly explosive conclusion. --Alison Trinkle

From Publishers Weekly

"Bless me Father, for I will sin." In her first contemporary suspense thriller, Garwood, better known for best-selling romantic fiction (*Ransom*; the *Clayborne Brides* trilogy; etc.), explodes out the narrative gate, but delivers more romance than suspense. While waiting for test results to determine if he needs another round of chemotherapy, Father Thomas Madden is the guest of Monsignor McKindry at Our Lady of Mercy Church in Kansas City. He offers to sit in for McKindry in the confessional. When a mocking voice seeks the

good father's prayers to prevent him from murdering the priest's own sister, Laurant Madden, panic quickly sets in. The faceless voice behind the screen admits to a previous murder and also knows about Father Tommy's cancer. Tommy quickly calls FBI agent Nicholas Buchanan (Tommy's best friend since childhood) and asks him to track down the madman and protect his sister. Laurant has never met Nick before, but is instantly attracted to him. The two fake falling in love to flush out the murderer, but the pretense is short-lived. Some members of the chorus provide amusing turns—most notably outspoken elderly sisters Bessie Jean and Viola Vanderman, who serve up casseroles and counsel safe sex. Garwood's writing is strongest where affairs of the heart are concerned. If the thriller aspect of the novel fails to ignite, the sexual pas de deux between Nick and Laurant delivers sufficient smolder for Garwood's fans. Major ad/promo; 16-city author tour. (July)

From Kirkus Reviews

A psychopath confides his obsessions to a terrified priest, whose beloved sister is the star of the killer's homicidal fantasies: Garwood's first foray into contemporary romantic suspense. Father Tom Madden and younger sib Laurant are close, even though the untimely death of their parents meant a childhood spent thousands of miles apart. The lovely Laurant grew up in a posh Swiss boarding school run by kindly nuns, while Tom was raised by the equally kindly Buchanan family in heartland America. Nick Buchanan, like a brother to Tom then, is now a special agent for the FBI. Tom turns to Nick to help track down the mysterious killer who calls himself Heartbreaker, but Laurant wishes he hadn't. Her immediate reaction to the "incredibly sexy" FBI agent is anything but sisterly, though his protectiveness and take-charge attitude trouble her. When Laurant realizes, however, that the stalker is getting closer every day, she stops arguing with Nick and falls in love. For the most part, Garwood avoids the grittiness of a procedural thriller and only hints at gory doings, concentrating instead on psychological suspense and Heartbreaker's increasing derangement as her somewhat formulaic story moves rapidly to a shattering climax. Straightforward style and brisk pacing zip readers past minor implausibilities, aided by a host of familiar small-town types, including a batty neighbor and a crooked sheriff. Readers of the author's historical romances (*For the Roses*, 1995, etc.) will be on familiar territory here despite the modern-day setting, and the frank sensuality of the love scenes is sure to please. A quickie denouement resolves the soapy subplots—Laurant's legal wrangle over a family trust, Nick's fear of flying (hey, tough guys can tremble), Father Tom's battle with cancer—and naturally love triumphs. Add a pinch of *Psycho* to a generous helping of *General Hospital*, and you've got the idea. -- Copyright © 2000 Kirkus Associates, LP. All rights reserved.

Agent Nick Buchanan has come face-to-face with society's worst monsters in his work for the FBI. Nick can't refuse this case -- for the threat hits close to home. The intended victim is his best friend's sister Laurant. Soon he is caught up in an intricate chase with one of the most devious psychopaths of his career.

As an electrifying attraction grows between Laurant and Nick, so does the danger -- and one false move will cost both of them everything that matters.

Not my favorite

By Amazon Customer

I adore JG historicals but I was very disappointed in this book. I put off reading it forever because its not a historical. I should have gone with my gut and not read it. The audio version was beyond bad. The woman sounded like a robot. I don't even think this book deserves 3 stars but there parts I really liked so I gave it a 3 star rating. There isn't another person in this world that can write historicals like JG and it's heartbreaking to see she has stopped writing them.

What I didn't like about this book:

Figured out who the unsub was immediately

Only 1 sexy time, and it was disappointing

No alpha male

Didn't feel the love between the H&h, and that shocks me because JG always makes the reader FEEL

I'll stick to her historicals. Even though I didn't like this book JG is still my favorite author.

Lost interest

By Amanda

I normally love every book I read by Garwood. But the guarantee way to lose my interest is contradiction. Did she write half then come back years later to complete without re-reading what she wrote? First nick wants the family and Laurent does not. Laurent had the failed relationship and closeness issues whitening had large close family then 5 pages later nick wanted kids and was never close to anyone. Could not finish it changing personalities and back story within a few chapters.

A story you have to start on Friday night

By Amazon Customer

Julie does contemporary with all the right stuff; mystery, thriller, who-done-it, suspense and romance in a story you have to start on Friday night. You won't want to put it down even to answer the phone. The spiteful actions of one man wanting to make a name for himself have repercussions that astound time and time again. Pay attention to the details because every word is woven intricately into the whole. The FBI, the psychiatrist, the churchman, the serial killer, the woman - everyone has a part. Obsessions, egoes, power, narcissism, competition, and the race to identify the killer before he gets to the heroine.

It begins in the confessional and ends with a showdown. The best thing about it is that this is the book that begins the Buchanan / Renard series, so there are lots more to read. You will wonder why you haven't read Julie Garwood before.
