great series

By Julie Kirby

That was an emotional read, but things seemed to be headed in the right direction.

Skye and Carson living their life on a double edged sword, so happy with their upcoming Wedding but the threat of 3 months apart.

Ahh, Clemmy - she does not deserve Jeremy's vindictiveness, and I'm glad she learnt her lesson and included Ward, now she should just fess up to her parents, so Jeremy's blackmail thread can be eradicated. I know it sound easy, but once its done she will be free.

Poor Asher, he is honest about not missing Lydia, but his love for Abby really sows through. It was hard to discover all about Lydia, but at least Abby has Asher in her life now to help her through it. Not to mention Ryan, Janice and the rest of the family.

Oh thank goodness; Lexie and Conrad got both their heads out their arses, both in denial about their feelings and failed to see what each and everyone else could see, I have a sneaky feeling that Jared and Beatrice could

become a great couple.

Keeps getting better

By Jamie Schaedel

This series is truly an amazing for, for the characters alone. It's hard to not fall in love with each and every one of them. They all have their quirks but you love them anyways. That's what makes a great book in my opinion, amazing characters.

Although there are some typos, it doesn't take away from the amazing story.

I can't wait for the next one!
