Another great book on handwriting

By Allison

Awesome book. I studied Vimala Rodgers handwriting technology and found that Ruth Gardner had some of the very same ideas and suggestions. It was nice to see a connection between the two different approaches to

handwriting. I enjoyed learning more about what to look for in someone's handwriting as it does help see the whole picture of the person and their inner ideas.

Great Book, gives you a lot of insight

By A Customer

I've had this book for several years and use it often. I've found it quite helpful with decisions on who and who not to hire in my business. (from the handwriting on job apps) It is amazing how much you can learn from a person's handwriting!! A Great book, and very easy to look up specifics. Put it next to your dictionary & thesaurus.
