Review

"Jacksonian And Antebellum Age is an impressive and recommended addition to school and community library American History reference collections in general." - Midwest Book Review

"Use this for serious research on the time period." - Library Media Connection

". . . all of the essays are well written and will help deepen the average undergraduate's understanding of this period of history. Students will also benefit from a chronology, a glossary, a bibliography, selected primary documents, and a comprehensive index. Those libraries who have already committed to the series or who are collecting heavily in U.S. social history will want to add Jacksonian and Antebellum Age: People and Perspectives to their collection." - ARBA

"Serious effort was made to match the coverage of these volumes to high school curriculum standards. This set is perfect historical analysis beyond the textbook. Each volume is carefully researched and documented. The thoughtful essays, presenting content unavailable in other sources, are ripe for analysis by upper level students. Our AP US History teacher was thrilled to see them! Books contain black and white illustrations. Brief biographies are scattered through the text. Highly recommended.' An impressive and recommended addition

By Midwest Book Review

No segment of America's two-hundred year old history has been more colorful and critical than the years between the election of Andrew Jackson to be the first populist president of the United States and the advent of the American Civil War. The latest volume in the ABC-Clio 'Perspective in American Social History' series, "Jacksonian And Antebellum Age: People And Perspectives" offers an informed and informative survey of America during a time of westward expansion, increasing conflicts with Native Americans, the coming of the Industrial Revolution, and the emerging abolitionist movement. Enhanced with occasional black-and-white illustrations, the text is composed of contributions by accomplished historians and academicians under the skilled editorship of Mark R. Cheatham (Assistant Professor of History, Southern New Hampshire University), the nine articles comprising "Jacksonian And Antebellum Age" cover such issues as African American Revolutionaries; Presidential Politics and Social Scandal; Children and Culture; The Jacksonian Frontier; women, Taverns, and Travel; Religious Sects and Social Reform; New England Industry and Workers; Native American Politics and Removal; and Slave Traders. Enhanced with lists of primary documents, references, a bibliography, and an index, "Jacksonian And Antebellum Age" is an impressive and recommended addition to school and community library American History reference collections in general, and supplemental reading lists for non-specialist general readers with an interest in the issues and personalities of Jacksonian Era in particular.
