Welcome to incongruity-ville

By David

At times this felt like a story someone had written for ASSM in 1986 then dusted off, threw in a few references to modern life and published. A top of the line motocross bike for 2300 dollars? Not happening. A 2015 Yamaha YZ250F is \$7950 on the interwebs. A college girl describing someone as a 'chauvinist'? C'mon, fight the patriarchy! But just so we know it's happening right now we get a running advertisement for Google Calendar.

Poor Carmen. So broke and in debt she has to live with her sister in the bad part of town. How bad is it? Well, Carmen has a Hispanic last name... shudder. It's going to take her a year to save up \$8000 for a legal judgement against her. Eventually, I guess, that wasn't working for the author so about halfway through the story she has an extra thousand dollars a month to move out. Meh, plot points, we don't need no stinking plot points.

And Bonnie, well I guess Bonnie is perfect. In the paragraph describing her first appearance, no less than three times, 'perfect' is used to describe her attributes. Carmen doesn't like Bonnie-types, of course. Carmen is not a lesbian, of course (NOT being stressed by the author in the story). Except when Bonnie walks in Carmen is instantly gay curious and all about the Bonnie-types- Ummm?

Poor Carmen is so confused. She confused when Bonnie leers at her and flirts with her and sucks Carmen's fingers in the bathroom after Carmen masturbates and forces their bodies together in the office. Does that mean Bonnie likes her? Carmen doesn't know. She knows she maybe wants to have that cool sex thing with Bonnie, but does Bonnie want her? That licking sticky fingers in the bathroom was just so vague. So confusing. When does Carmen figure out what Bonnie wants? When Bonnie helps Carmen distribute coffee in the office! So that's the global sign of lesbian lust I've been missing? Handing out coffee?

There are also just enough typos, missing punctuation and improper cases to assure readers that this story

had never seen a critical eye before publication.

Good start

By Barbara

This is the start of a good series however I personally hate the cliffhanger type stories. It makes me feel like the last chapter was removed from the book

The characters draw you in!!

By ALISON J DIX

I liked the main character wondering what her feelings meant and then realizing there was flirting going on. A quick lesbian romance if you are in the mood to read!!
