Got it for a class but kept it for the content

By Thuyness

I ordered this book for an English 105 class and we've read about 5% of the book. I decided to keep the book at the end of the course and read it for fun. The book is very well organized, the sections are divided into themes such as Love and Hate, Life and Death, Culture and Identity etc. They had a wide selection of authors and genres including poetry and playwrights. I liked it more than most of my standard English textbooks.
