Basics

By LovesToBuy

This book is good for learning the basics, and since I am starting my Master's in Glass engineering, but working with metallic glasses, it is just what I needed. A little out-dated.

1 of 2 people found the following review helpful.

great book...great price!!!

By Chenda Keorasmey

I was worried since there was no picture posted but it was exactly as described...the only thing I would change are the shipping options because there were none....it was 3wks before I received it!!!
