An excellent pocket guide for the NICU nurse

By Cathy Challenner

I find this a very handy and compact reference guide for me in the NICU. I would recommend it to anyone working in the NICU.

3 of 3 people found the following review helpful.

But content is great.

By HopeMac

Very handy book for nicu nurses has all the frequently used formulas and lab values. I think the cover quality however needs some improvement. But content is great.

3 of 3 people found the following review helpful.

but better suited for an NNP

By 4C the Future

It's okay, but better suited for an NNP. I thought that maybe it would be a nice pocket guide for me at the bedside, but in actuality not so much.
