Just keeps getting better and better.

By grammyshere

Oh Heath, how could you? Wow, another exciting saga of our Monster Squad heroes as they fight demons, wendigos, Lilith, and their own government. There are hard decisions to make, more surprises for Mark, and heartache for some. A super conclusion to this storyline with lots of hints for the future of the Monster Squad. Loved it!

My favorite of the series!

By Linda C.

Fantastic! I was unable to put it down. I was amazed at the twists and turns! Questions were answered but at a cost. Hints for future adventures were intertwined with resolutions. This is a great series and this book is my favorite! Yes there was sadness but non-stop action told by a true storyteller.

Disturbingly delightful while simultaneously being shockingly saddening

By Twyla DeShazo

I loved the majority of it, but was heartbroken over the demise of certain characters...but not everyone can survive every book, right? Sacrifices must be made... I still really enjoyed reading it and of course it was action packed, with shocking twists, and really awesome over all!!
