This book had the potential to be great but I couldn't get into the story because of the grammatical errors. I don't know if the author has an editor or not but when a person goes to jail they are put in a "cell" not a "sail". When you feel like a parent less child you feel like a "orphan" not a "orphanage" and that is just a couple of the errors. I would love for the author to hire a good editor because the plot was interesting.

JUST HORRIBLE

By Arie

I really dont understand how this book received so many good reviews. The story line had potential but the author missed several marks along the way. This book is filled with grammatical errors and misspellings. It was very difficult to get through. This was my first time reading anything from this author and i cant say i will ever read anything from her. I hope this author invests in a very good editor in the future

Mixed Feelings...

By Amazon Customer

It took the entire book for me to get pass the many many grammatical errors and that fact made it hard to read... If not for the errors I would have certainly rated this a lot higher. I enjoyed other reads from this author will continue to read her books because they are good but there has to be work done with ALL of errors for it becomes frustrating and makes one not want to continue reading...
