This publication The Human Comedy By William Saroyan is written for public and you are among them that can enjoy reading of this e-book [The Human Comedy By William Saroyan](#)

Review

The place is Ithaca, in California's San Joaquin Valley. The time is World War II. The family is the Macauley's -- a mother, sister, and three brothers whose struggles and dreams reflect those of America's second-generation immigrants.. In particular, fourteen-year-old Homer, determined to become one of the fastest telegraph messengers in the West, finds himself caught between reality and illusion as delivering his messages of wartime death, love, and money brings him face-to-face with human emotion at its most naked and raw.

Gentle, poignant and richly autobiographical, this delightful novel shows us the boy becoming the man in a world that even in the midst of war, appears sweeter, safer and more livable than out own.

I loved it! Saroyan skillfully brings each character alive in ...

By Armineh H. Ohanian

I loved it! Saroyan skillfully brings each character alive in the book. Although, there are not many exciting events happening in the story, but Saroyan still manages to captivate the reader. Yes, indeed, he makes you feel that you live among those young boys and like them, you have to struggle in order to cope with your life. Besides, among all the current bestsellers that one reads, it is very enlightening to read a classical book such as the Human Comedy.

See The Movie Too

By Constantine Evans

Saroyan's THE HUMAN COMEDY is a highly patriotic, highly sentimental, vintage war-time narrative: it gently treats, in part, the tragic telegrams from the War Department that far too many American families received during the WW 2 period. The writing is particularly strong in the final third of the novel. One can easily see why it was so popular, even comforting, to the then contemporary readers.

As suggested in my title, the Mickey Rooney movie is a fitting complement to the book, as well as showcasing what a fine actor Mickey Rooney was.

Relevant, simple, heartfelt!

By X-tinaG

Having read the Armenian translation, I was glad to finally sit down with the original. And what a difference! Although the translation was wonderful in its own way and I had enjoyed the book very much, but there is something to be said for the language Saroyan uses: so simple, yet so profound. The story is still relevant today with so many young soldiers going to war and with families left behind to take care of themselves. How do you grow as a family when the war has taken so much from you including your teenager's childhood? Having a teenager myself, I can't even imagine what the main character is exposed to because he has to support his family. It's a perfectly suitable read for almost all ages. Don't postpone enjoying this masterpiece.
