Don't rent this

By neilia

This is a workbook. I can't turn in the assignments because I rented it. I don't think rental should have been a choice on this book. I can't even copy the pages to fill out and turn in because that is copyright infringement. I am not happy about having to buy another book.

The book is fine if you need to read the chapters

By Amazon Customer

I wouldn't rent this book on Amazon. The book is fine if you need to read the chapters. But I had homework on pages from the book and many of the pages were missing. I had to print the pages out from another friend's book.
