The Worst Required Text of My Life

By LGRNexus

This is literally the worst textbook I have ever read. It is just globs of research, incomplete thoughts, and walls of text that teach you nothing more than commonsense concepts in education. I feel incredibly sorry for anyone that has to use this book for class.

Required Text for class

By Alexandra Norman

Not the easiest read. Our professor would ask us questions that were very trickily worded in this text. At least it is up to date

Good resource

By Marjorie L. Dorime

This was a good resource and a useful book. It provides plenty of references for other sociological work in education.
