So it Wasn't a Wild West Cowboy Story; Who Cares

By CJ McClain

Not someone who uses book covers to judge a book's contents I assumed from the title that it was about adventures on the road to Kentucky. Since titles can be misleading too and I never spend my money without getting the free sample; I got the sample, read it and was intrigued enough to buy the book.

Davis Hallum didn't much care for his half-brother Andrew Paxton and especially disliked his habit of showing up when Davis was away from home. The last time he came home and found his children outdoors playing in the cold and his wife Faith inside alone with Andrew, he caught them in bed together. In the ensuing fight, Andrew pulled a gun and accidentally shot Faith as she ran between the two men. A quick thinker, Andrew threw the door open and called to the children that their father had killed their mother. His children and everyone else in the community believed Andrew.

Convicted of the crime and sentenced to death Davis escapes with no choice but to leave his children behind. Traveling west he joins in the construction of the Wilderness Road. The road to Kentucky is a long one filled with hard work, troublemakers and attacks by bandits and Indians. In the meantime Faith's parents send a

bounty hunter after Andrew to make him pay for the murder of their daughter.

I enjoyed the book and recommend it to anyone who likes historical action adventure fiction.

Awesome!!!

By Roxanne Chadwick

Probably, no, the best book I've ever read! Law, guns, liquor, and westward expansion. What more could you ask for?!

A good well-written western, an engaging tale.

By Doyle W. Sinclair

I first got hooked on westerns when I read A B Guthrie's novels about the West. Once you've read those you'll do 2 things; get hooked on westerns and you'll also realize that not everyone can write about the west as well as author Guthrie.

I decided to check out 'The Wilderness Road' and I was not the least bit disappointed.

The story involves Davis Hallum who came home one day to find his wife Faith inside alone with his half-brother Andrew and they were in bed together. In the ensuing fight, Faith is accidentally killed.

Convicted of the crime and sentenced to death Davis escapes and leaves his children behind to go west. Faith's relatives send a bounty hunter after Davis. The story of his life on the run in the ensuing years is main story.

I thoroughly enjoyed the book and recommend it to those who enjoy westerns, historical fiction.

The author's writing is reminiscent of A B Guthrie in that he has the ability to tell a story in a way that puts you in the protagonists head and he is adept at describing the action, scenery and lives of people in this historical era.

I will check out a few more of this author's books since I know the writing is first rate, and he seems to have a knack for great storytelling.
