no, just no

I love shifter stories and yes shifter erotica. This did not strike me as much more than just erotica and not well written erotica. I don't normally give away a books story, but for those who like just straight erotica you will not get a spoiler other than..meh it was ok. Spoiler: There is a beat up guy in dad's office. Dad says girl must marry said beat up guy. Beat up guy shows up in girls dressing room while girl is getting on wedding dress and girl notices guy looks pretty good cleaned up. Sex ensues. Hey guess we should get married, Dad may be right. The end.

To Marry An Alpha

By Deborah J. Smith

Its good, I liked it, started out a little strange, but ended up good. Its nice to read that whole series, makes everything more understandable, otherwise I found it a little hard to get into in the beginning.

Full circle

Since I've read Sapphires story and how she"tried" to rescue her brother, it was kinda nice to read his story. I enjoyed it.
